**REQUEST FOR APPROVAL AND ENTRY OF FORMAL DRAWINGS**

Sir:

Enclosed for filing are three (3) sheets of FORMAL DRAWINGS, Figures 4.1, 5.3 and 7, for the above-referenced patent application.

Applicant submits the formal drawings in response to the Notice of Drawing Inconsistency with Specification mailed August 24, 2006, wherein the U.S. PTO alleges that these three drawings are missing from the application as filed. Applicant respectfully allege that all 16 sheets of formal drawings (Figures 1 through 7) were submitted with the patent application as filed on February 22, 2002, as discussed in detail in the Remarks section beginning on page 2.

**REMARKS**

The Notice of Drawing Inconsistency With Specification mailed August 24, 2006 asserts that the Brief Description of the Drawings section in the specification indicates Figures 4.1, 5.3 and 7, but that these drawings are missing from the application. Applicant's records indicate that all of the drawings, including Figures 4.1, 5.3 and 7 were submitted with the application on February 22, 2002.

The Utility Patent Application Transmittal filed with the application indicates 16 sheets of drawings, which is the number of sheets corresponding to the full set of drawings, including Figures 4.1, 5.3 and 7. In addition, the return receipt post card date stamped 02/22/02 by the Patent Office indicates that all 16 sheets were received. Copies of both documents are enclosed herein for the Examiner's reference. Applicant also encloses herein Figures 4.1, 5.3 and 7 which were filed and received with the application, but presumably misplaced sometime thereafter.

Applicant further notes that U.S. Patent Application Serial No. 11/056,429 (Publication No. 20050147133) was filed as a continuation of the present application. The file history and publication of the '429 application clearly show Figures 4.1, 5.3 and 7 as being part of the application. Comparison of Figures 4.1, 5.3 and 7 enclosed herein with the corresponding figures in the '429 application show that the respective figures are identical. Thus, no new matter has been added to the present application.

Thus, Applicant respectfully requests that the enclosed Figures 4.1, 5.3 and 7 be entered and approved so that the allowed application can issue. The issue fee for this application was sent with the Response to the Notice of Allowance on July 5, 2006. The Commissioner is hereby authorized to charge any fees which may be required to Deposit Account No. 23/2825.

Respectfully submitted,  
*Hong Da Tang et al., Applicant*
